Live the Gospel and when necessary use words

Bernadette's Blog

16.9.19 This week we will be talking about germs and how to keep them at bay. We painted our hands to show where the germs would be, today we will be learning how to correctly wash our hands.

The children and I discussed when we should wash our hands, eg: after the toilet, before lunch and after we sneeze or cough.

Here are some of the things that our Reception Class have been up to this week. Personal hygiene is very important, especially as we approach the winter season of coughs and colds. Please see page 7 of this blog for some important Health notices!

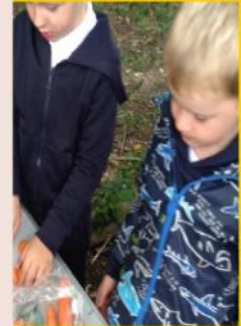

Learning Outdoors Is Fun!

9.9.19 On Monday reception went to the schools wildlife garden to do some Forest school, we cooked the vegetables we have been growing. We made carrot and courgette soup. The children helped to cut the vegetables with our special plastic knives.

We talked about how the vegetables are healthy and we also discussed fire safety when Miss Kincaid made our fire.

**PTA Meeting on Tuesday, 24th Sept. 6pm.
PLEASE COME ALONG-WE NEED YOU!**

7 Reasons to ... join our PTA

1. Your child benefits

The PTA is an important part of our school community and helps enrich your child's school experience. Our fundraising has provided extras for the school such as buses for trips, iPads, new kitchen for cooking, Early Years Water wall, author visits, Year 6 leavers trip as well as Library contributions, to name but a few.

2. To make a difference

As well as fundraising, the PTA organises events which add so much to our children's experience. In the past we have held a school disco, Christmas card making, our annual Christmas Fayre, Easter bunny bingo, Summer Fayre, team craft day and a team day, as well as many others. This creates a real sense of community for our children.

3. We have fun

Being part of our PTA is a fun and rewarding experience and we welcome new ideas to benefit our children. It is a great way you make new connections and make a difference in our vibrant school community.

4. Make friends

Many friendships develop from being part of the PTA. Volunteering your time and working towards a common goal is a rewarding experience and many long lasting friendships are formed whilst being part of the PTA.

5. Feel involved

Every parent or responsible adult is welcome to our meetings and **WE LOVE TO SEE** new members. Please consider coming along to our PTA meetings or volunteer your time at an event. It is a great way to get involved and feel part of St. Bernadette's School Family.

Welcome

6. Give a helping hand.

We realise that every parent is busy so we will welcome you whatever time you are able to give. Many hands make light work, so if more people come forward we can share the work making it fun for everyone!

7. Keep our PTA going

As parents move on from the school, there is a real danger that there will no longer be a PTA to carry on providing this valuable fundraising resource which helps provide wonderful experiences for our children. We would love to see at our meetings in the staffroom. Watch out on the blog for when they are.

Please join us on Tuesday 24th September at 6pm for our first PTA meeting of the year in the staffroom

MEASLES

Don't let your child catch it
- get them vaccinated with the MMR vaccine

- Measles is in the news again. There have been serious outbreaks in Wales and England and the number of children catching measles is rising.
- Measles can be a very serious disease, leading to ear and chest infections, fits, diarrhoea, and damage to the brain. Measles can kill.
- Your child is at risk of measles if he or she hasn't had the MMR vaccination.
- Two doses of MMR vaccine are needed to get the best protection.
- If your child is due to have had two doses of MMR but has not yet received them, no matter what age they are, you should contact your GP to get them vaccinated as soon as possible.*
- If you can't remember if your child has had any, one or two doses of MMR vaccine, check his or her personal child health record (the Red Book). If this doesn't help, speak to your GP.
- If you don't know how many doses your child has had, it's better to have two doses of MMR vaccine now rather than risk leaving them unprotected.

*In response to a local outbreak then the two doses can be given one month apart from the age of 18 months.

Answers to some common questions about measles and the MMR vaccine

Why are we seeing these outbreaks of measles?

Measles is a highly infectious disease, spreading quickly from person to person, especially in schools. A child with measles will infect almost all unprotected children they have contact with. Since the end of 2017 there has been an increase in measles globally which has affected the UK. This has resulted in some spread into wider communities, in particular in undervaccinated groups.

When are the MMR vaccinations usually given?

The best times are between 12 and 13 months of age and again at three years and four months, with one dose on each occasion. But, if your child wasn't vaccinated then, they can be vaccinated at any age with two doses one month apart.

Will there be any side effects to the vaccination?

Your child may get the symptoms of measles, mumps and rubella for up to six weeks after the vaccination but in a very much milder form. This proves that the vaccine is working and your child is building up resistance to future contact with the viruses that cause the three diseases. Not all children show these symptoms but that doesn't mean the vaccine isn't working.

Should parents in outbreak areas get vaccinated against measles?

As with many diseases, once you have had measles, you don't catch it again because you have built up a natural resistance to it. So, if you've had measles two doses of MMR vaccine you do not need to get vaccinated now.

There are still a few children wearing earrings to school, who had their ears pierced more than six weeks ago. Please may we ask that earrings be removed for school. This is to avoid the horrible accidents which can occur whilst children are playing.

We really do appreciate the support of those parents and carers who have supported us with this issue. Thank you!
